About the art fairs we take part in

Today, art fairs are considered to be one of the best methods of raising an artist's exposure. Reputable art fairs attract tens of thousands of high profile visitors in just 4 - 5 days: collectors, art professionals such as art consultants, art dealers, curators, gallery and museum representatives, and of course the general public. That's why we, at VOYZX, pay great attention to art fairs and their suitability to our artists' needs.

We continuously monitor, analyze, and evaluate art markets and art fairs and choose available events that work better for our artists' exposure, taking into consideration their particular styles. VOYZX Fine Art Project participates only at reputable art fairs that meet the highest industry standards and satisfy our specific criteria.

Based on our art fair analysis and their evaluation with the purpose of getting better results for VOYZX artists, we may change the list of art fairs we intend to participate on a yearly basis.

We provide extensive promotion of participating VOYZX artists prior to and during the art fairs.
